

INDEX TO VOLUME 7

The star (*) preceding the page number indicates an original article in THE ARCHIVES. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters B, O and S, respectively.

	PAGE
Actinomycosis of central nervous system; F. P. Moersch.....	*745
Adiposis dolorosa, case of; H. I. Davis and S. J. Cohen.....	274
Anatomy, reconstruction course in functional anatomy of nervous system;	
A. Meyer and L. Hausman.....	*287
Anesthesia, spinal, details of technic in; R. Dumas.....	635
Aneurysm, intracranial; G. W. Hall.....	409
intracranial, of vertebral artery; H. G. Wells.....	*311, 410
Anisocoria dependent on sympathetic reenforcement; C. Lafon.....	521
Aphasia; M. Christin.....	641
disturbances in relation to colors in aphasic patients; O. Sittig.....	761
optic, report of a case of, as a contribution to mechanism of speech disturbances; H. Fendel.....	370
Ataxia, hereditary (Friedreich), with anatomic findings, case of; J. A. F. Pfeiffer	*341
Athelosis, posthemiplegic, pathologic anatomy of; H. Steck.....	374
Atrophy, myopathic, muscular, case of, in a negro; J. F. Corson.....	650
optic, unilateral, and contralateral hemiplegia resulting from occlusion of cerebral vessels; N. W. Winkelman.....	672
Ayer, J. B.: Spinal subarachnoid block as determined by combined cistern and lumbar puncture.....	*38
Ayers, H.: Origin of jaw apparatus and trigeminus complex-amphioxus, ammocoetes, bdellostoma, callorhynchus.....	640
Bagley, C., Jr.: Cortical motor mechanism of sheep brain.....	*417
Bailey, M. P., and Huddleson, J. H.: Dysthyroidism as an ex-service disability	*332
Bailey, P.: Mental pathology of races in United States.....	*183
Multiple sclerosis in U. S. troops.....	*582
Ballance, C.: Diagnosis and treatment of meningitis occurring in aural cases	650
Barbe, A.: Permeability of choroid plexus.....	135
Bassoe, P.: Multiple degenerative softening versus multiple sclerosis.....	*613
Specimen of cystic tumor of left frontal lobe.....	787
Tumor-like infiltration of cerebral dura.....	788
Beck: Compulsion and depression.....	130
Beckel, H.: Hallucinations.....	261
Bersot, H.: Plantar reflex.....	376
Bertrand: Clinico-anatomic study of myasthenia (Erb-Goldflam).....	772
Bianchi, G.: Lenticular nucleus (Wilson's disease).....	523
Bircher, E.: Pathology of thymus gland; changes in growth following thymectomy	127
Blonguier de Claret: Epidemic hiccup with generalized myoclonic movements	378
Bolton, G. C.: Special type of galvanic hyperirritability occurring in "fragilitas ossium"	755
Bone fragility, special type of galvanic hyperirritability occurring in "fragilitas ossium"; G. C. Bolton.....	755
Bonhoeffer, K.: Psychiatry and neurology in revised medical curriculum..	522

INDEX TO VOLUME 7

BOOK REVIEWS:	PAGE
Acute Epidemic Encephalitis (Lethargic Encephalitis); Various authors	151
An Essay on Physiology of Mind; F. X. Dercum.....	797
Anatomy of the Nervous System from Standpoint of Development and Function; S. W. Ranson.....	678
Atlas for Electro-Diagnosis and Therapeutics; F. Miramond de Laroquette	414
Benign Stupors; A. Hoch.....	413
La Degenerescence Hepato-Lenticulaire, Maladie de Wilson—Pseudo-Sclerose; H. C. Hall.....	549
Diseases of Nervous System; H. C. Thomson.....	283
Elements de Pathologie Mentale Clinique et Médecine Legale; R. Benon	680
Foundations of Psychiatry; W. A. White.....	679
Guides for History Taking and Clinical Examination of Psychiatric Cases; G. H. Kirby.....	415
Human Behavior; S. Paton.....	799
Körperbau und Charakter (Physical Development and Character); E. Kretschmer	149
Pathology of Nervous System; E. F. Buzzard and J. G. Greenfield.....	284
Practical Medicine Series. Volume VIII: Nervous and Mental Diseases; P. Bassoe, editor.....	800
Psycho-Analysis of the "Reformer"; J. Rinaldo.....	284
Le Reflex Pilomoteur: Etude Anatomo-Clinique sur le Système Sympathique; André-Thomas	674
Science of Ourselves; B. Fuller.....	285
Borsari, G.: Lenticular nucleus (Wilson's disease).....	523
Bouttier, H.: Clinico-anatomic study of fatal case of myasthenia (Erb-Goldflam)	772
Bowman, K. M.: Schizophrenic deterioration.....	395
Brachial plexus lesions associated with rudimentary ribs; P. Sargent.....	255
Brain, bullet wound of; E. W. Taylor.....	531
concussion, use of sodium chlorid in; H. Mella.....	528
cortical motor mechanism of sheep brain; C. Bagley, Jr.....	*417
lesions of monkeys, spontaneous; B. Lucke.....	794
multiple cerebral tubercles, a clinical and anatomopathologic contribution; G. Fumarola.....	*153
pseudotumor of; H. C. Naffziger and G. Y. Rusk.....	539
softening, multiple, degenerative, versus multiple sclerosis; G. B. Hassin and P. Bassoe.....	*613
tumor, case of fourth ventricle tumor with surgical intervention; I. S. Wechsler	380
tumor, case with clinical picture of middle fossa tumor: necropsy findings; E. D. Friedman.....	533
tumor, demonstration of a specimen simulating hydrocephalus; L. J. Pollock	277
tumor, distortions of visual fields in cases of tumor; field defects produced by temporal lobe lesions; H. Cushing.....	263
tumor, hypophyseal syndrome occurring with tumor of third ventricle without hypophyseal involvement; P. Lereboullet, J. Mouzon and J. Cathala	129
tumor of third ventricle with compression of hypophysis but without a hypophyseal syndrome; H. Claude and H. Schoeffer.....	133
tumor, presentation of a specimen of glioma of left frontal lobe from a patient with a chemical picture of general paresis; G. B. Hassin.....	278
tumor, rapidly developing complete blindness and deafness accompanied by mental impairment produced by brain tumor; E. A. Strecker....	669
tumor, review of year's series of intracranial tumors; C. E. Locke, Jr... .	131
tumor, specimen of cystic tumor of left frontal lobe; P. Bassoe.....	787
tumor-like infiltration of cerebral dura: a case of lymphosarcoma with clinical picture of Hodgkin's disease; P. Bassoe.....	788
tumors (notes on question of cerebral localization); H. Fortig.....	658
tumors without manifestations of intracranial pressure; H. C. Naffziger.	540
Bramwell, E.: Encephalitis lethargica.....	654
Bromid delirium; B. Karpman.....	372
Brown, S., Jr.: Mental symptoms of multiple sclerosis.....	*629

INDEX TO VOLUME 7

	PAGE
Burns, M. A.: Bilateral eighth nerve palsy, with partial return of function after treatment	401
Burr, C. W.: Heredity in epilepsy.....	671, *721
Bury, J. S.: Significance of some early symptoms of nervous disease.....	258
Byrnes, C. M.: Treatment of multiple sclerosis.....	769
Campbell, C. M.: Society for Mental Hygiene.....	665
Carrien: Epidemic hiccup with generalized myoclonic movements.....	378
Carroll, P. H., and Omar, H.: Serologic changes in neurosyphilitic patients during period of nontreatment.....	*733
de Castro, A.: Pseudo-syndrome of Tapia.....	134
Cathala, J.: Hypophyseal syndrome occurring with tumor of third ventricle without hypophyseal involvement.....	129
Cephalogenesis, vertebrate. V. Origin of jaw apparatus and trigeminus complex—amphioxus, ammocoetes, bdellostoma, callorhynchus; H. Ayers	640
Cerebrospinal fluid, circulation of; C. von Monakow.....	378
in syphilitic psychic disturbances; S. Dahlström and S. Widerøe.....	376
relation of, to circulation of blood and to nervous elements of cerebro-spinal axis; L. Stern.....	365
sugar content of, and its diagnostic value, especially in encephalitis; R. Coope	650
Charcot joints of spinal vertebrae; F. X. Dercum.....	148
joints of spine, with tabes dorsalis and marked wasting of muscles of right leg; S. F. Gilpin.....	668
Cheinisse, L.: Value of phenobarbital in epilepsy.....	640
Choreiform movements, nature of; can they be interpreted as reflexes? A. Thomas	524
Choroid plexus, pathology of, in general paralysis; A. E. Taft.....	*177
permeability of; A. Barbe.....	135
Christin, M.: Aphasia.....	641
Cistern puncture, spinal subarachnoid block as determined by combined cistern and lumbar puncture with special reference to early diagnosis of cord tumor; J. B. Ayer.....	*38
Claude, H.: Tumor of third ventricle with compression of hypophysis.....	133
Claudication: See Limping	
Clymer, G.: Syringomyelia treated by X-ray.....	139
Cobb, S.: Preliminary report on experimental convulsions.....	660
Results of a brief neuropsychiatric examination of 1,141 students.....	140
Cohen, S. J.: Adiposis dolorosa.....	274
Colors, disturbances in relation to colors in aphasic patients; O. Sittig..	761
Compulsion and depression, a clinical study; Beck.....	130
Contractures of reflex origin—hormetonic syndrome; S. Davidenkof.....	132
Convulsions, preliminary report on experimental convulsions: convulsions produced by administration of chemical substances; S. Uyematsu and S. Cobb.....	660
Coope, R.: Sugar content of spinal fluid and its diagnostic value, especially in encephalitis	650
Cornwall, L. H.: Atypical forms of encephalitis.....	252
Corson, J. F.: Myopathic muscular atrophy in negro.....	650
Courtney, J. W.: Somatic origin of certain sexual delusions.....	136
Cranium, fractures of skull: diagnostic and prognostic features; J. W. Stewart	520
Crime and mental deficiency; W. C. Sullivan.....	654
Curschmann, H.: Sclerodermic dystrophies.....	367
Cushing, H.: Distortions of visual fields in brain tumor.....	263
Cysticercus, cerebrospinal, 2 cases; L. Redalié.....	519
D'Abundo, E.: Some peculiarities in development and in myelinization of spinal cord	517
Dahlström, S.: Cerebrospinal fluid in syphilitic psychic disturbances.....	376
Dana, C. L.: Myasthenia gravis.....	384
Dandy, W. E.: Cause of so-called idiopathic hydrocephalus.....	260
Davidenkof, S.: Early contractures of reflex origin—hormetonic syndrome	132

INDEX TO VOLUME 7

	PAGE
Davis, H. I.: Adiposis dolorosa.....	274
Davis, L. E.: Pathway for visceral afferent impulses within spinal cord.....	411
Davis, T. K.: Mental symptoms of multiple sclerosis.....	*629
Decerebrate rigidity, critical review of; J. Lhermitte.....	513
Delirium, bromid; B. Karpman.....	372
Dementia praecox and adolescent psychoses from organic visceral view-point as regards prognoses and therapy; D. J. McCarthy.....	763
Dercum, F. X.: Charcot joints of spinal vertebrae.....	148
Dermatitis venenata (<i>rhus toxicodendron</i>), specific treatment; A. Sayer..	135
Detwiler, S. R.: Experiments on transplantation of limbs in amblystoma; observations on peripheral nerve connections.....	760
Studies on retina; histogenesis of visual cells in amblystoma.....	640
Diabetes mellitus, involvement of peripheral neurons in; W. M. Kraus..*	202
Diplegia, facial; J. Favill.....	546
Doebeli, H.: Doctrine of sensibility.....	753
Ducamp: Epidemic hiccup with generalized myoclonic movements.....	378
Dumas, R.: Technic in spinal anesthesia.....	635
Dunn, H. L.: Growth of central nervous system in human fetus.....	640
Dura, spastic paraplegia due to infectious granuloma on dura; operation, recovery; E. W. Ryerson.....	270
Dyskinesia, occupational—paresthetic type; C. Houllion.....	656
Dyssynergia, case of postencephalitic motor disorder characterized by speech inhibition and by dyssynergia; W. F. Schaller.....	281
cerebellaris myoclonica primary atrophy of dentate system; J. R. Hunt..	773
Dysthyroidism: See under Thyroid	
Dystonia musculorum deformans; N. S. Yawger.....	144
musculorum deformans, case of; H. T. Patrick.....	541
Dystrophy, cranial, suggesting oxycephaly; E. D. Paulian.....	655
infantile, universal; S. Hirsch.....	638
progressive, muscular, in a mother and 3 children; H. B. Eaton.....	527
sclerodermic; H. Curschmann.....	367
Eaton, H. B.: Progressive muscular dystrophy in a mother and 3 children..	527
Ebaugh, F. G.: Treatment of general paresis by intracistern route.....	*325
Economou, C.: Presenile disease resembling pseudosclerosis.....	371
Encephalitis, acute, sequels of; study of 92 cases from 1 to 3 years after recovery; M. Grossman.....	770
case of postencephalitic motor disorder characterized by speech inhibition and dyssynergia; W. F. Schaller.....	281
epidemic; G. Mingazzini.....	121
epidemic, after-effects of, in children; D. Paterson and J. C. Spence.....	256
epidemic, atypical forms of; C. Rosenheck and L. H. Cornwall.....	252
lethargic, case of poliomyelitis, with symptoms of; H. N. Moyer.....	276
epidemic, colloidal gold chlorid curve in; K. M. Howell.....	*229
epidemic (lethargica), unusual sequelae of; A. Gordon.....	404
epidemic, presenting unusual sequelae; G. E. Price.....	147
epidemic, somnolence and obesity following; H. G. Mehrten.....	280
epidemic, subacute; J. H. Globus and I. Strauss.....	267
epidemic, with myelitis; W. G. Spiller.....	*739
lethargic, sugar content of spinal fluid and its diagnostic value in; R. Cope	650
lethargica; E. Bramwell.....	654
Endocrine glands, importance of endocrine therapy in combination with mental analysis in treatment of certain cases of personality deviation; E. R. Spaulding.....	771
Epilepsy, heredity in, a study of 1,449 cases; C. W. Burr.....	671, *721
idiopathic, nature of so-called; P. Pagniez.....	254
idiopathic, syphilitic character of; E. Leredde.....	258
luminal in; L. Cheinisse.....	640
luminal sodium in; J. T. Fox.....	257
psychogenic, limping, in post-epileptic trance; E. Rosenhain.....	259
reflex; E. Rosenhain.....	259
Equilibration and vestibular apparatus; T. H. Weisenburg.....	*210

INDEX TO VOLUME 7

	PAGE
Eugenics as a factor in prevention of mental disease; H. M. Pollock.....	368
Eye, paralysis of associated lateral movements of eyes, a symptom of intrapontile lesion; W. Freeman.....	*454
tonus and motor function in oculomotor disturbances; A. Litvak.....	259
Farnell, F. J.: Intravenous administration of iodids.....	*729
Iodids, their use and value, intravenously.....	394
Favill, J.: Facial diplegia.....	546
Fay, T.: Hypertrophica musculorum vera.....	792
Feil, A.: Syringomyelia with spina bifida.....	641
Fendel, H.: Optic aphasia as a contribution to mechanism of speech disturbances.....	370
Fortig, H.: Brain tumors (notes on question of cerebral localization).....	658
Foster, H. B.: Spinal fluid in multiple sclerosis.....	531
Fox, J. T.: Use of luminal sodium in epilepsy.....	257
Frazier, C. H.: Achievements and limitations of neurologic surgery.....	132
Freeman, W.: A silver diffusion method for staining nerve fibers in paraffin sections.....	*321
Paralysis of associated lateral movements of eyes, a symptom of intrapontile lesion	*454
Friedman, E. D.: Case with clinical picture of middle fossa tumor.....	533
General symptomatology and differential diagnosis of disseminated sclerosis.....	*551
Friesner, I.: Lesions of auditory and vestibular apparatus in multiple sclerosis.....	*584
Fumarola, G.: Multiple cerebral tubercles.....	*153
Functional disease, nature of; W. McDougal.....	770
Gastro-intestinal lesions in neuroses and psychoses (internal stigmas of degeneration in relation to metabolism and disturbance of cerebral cortex in children); E. R. Jatho and S. De W. Ludlum.....	*167
Gill, J. M.: Tumor of spinal cord.....	651
Gilpin, S. F.: Bulbar palsy and amyotrophic lateral sclerosis apparently following encephalitis	402
Myelitis and neuritis.....	142
Syringomyelia	143
Tabes dorsalis with Charcot joints of spine and marked wasting of muscles of right leg.....	668
Glioma of left frontal lobe from a patient with a chemical picture of general paresis; G. B. Hassin.....	278
Globus, J. H.: Internal communicable hydrocephalus.....	535
Subacute epidemic encephalitis.....	267
Teratoid cyst of hypophysis.....	535
Goodhart, S. P.: Bradykinetic analysis of somatic motor disturbances.....	757
Gordon, A.: Sacralization of fifth lumbar vertebra with spinal symptoms.	668
Syndrome of long fibers of crossed pyramidal tract (subacute degeneration)	147
Unusual sequelae of encephalitis.....	404
Grant, F. C.: Anatomic study of injection of second and third divisions of trigeminal nerve	771
Granuloma, spastic paraplegia due to infectious granuloma on dura; E. W. Ryerson.....	270
Grassheim, K.: Etiology of tabetic arthropathies.....	639
Grimberg, L.: Biologic interpretation of psychoneurosis.....	537
Grossman, M.: Sequels of acute epidemic encephalitis.....	770
Hall, G. W.: Intracranial aneurysm.....	409
Hallucinations, experimental study of mechanism of; M. Prince.....	780
origin of; H. Beckel.....	261
Harbitz, F.: Curability of tuberculous meningitis.....	260
Harvey, E. N.: Experiments on nature of nerve impulse.....	778
Hassin, G. B.: Glioma of left frontal lobe in patient with a chemical picture of general paresis.....	278
Multiple degenerative softening versus multiple sclerosis.....	*613
Pathogenesis of multiple sclerosis.....	*589

INDEX TO VOLUME 7

	PAGE
Hausman, L., and Meyer, A.: A reconstruction course in functional anatomy of nervous system.....	*287
Hemiplegia, contralateral, and unilateral hemiplegia resulting from occlusion of cerebral vessels; N. W. Winkelman.....	672
Hemorrhage, visual disorders after loss of blood; A. Terson.....	525
Hiccup, epidemic, with generalized myoclonic movements; Ducamp, Carrien, Blonguier de Claret and Tzélepoglon.....	378
Hirsch, S.: Universal infantile dystrophy.....	638
Hoch, A., and MacCurdy, J. T.: Prognosis of involution melancholia....	*1
Holmes, W. H.: Tabes dorsalis showing ataxia of sudden onset.....	406
Houllion, C.: Occupational dyskinesia—paresthetic type.....	656
Howell, K. M.: Colloidal gold chlorid curve in encephalitis.....	*229
Huddleson, J. H., and Bailey, M. P.: Dysthyroidism as an ex-service disability.....	*332
Hunt, J. R.: Dyssynergia cerebellaris myoclonica, primary atrophy of dentate system	773
Hunter, R. J.: Disease of otolith apparatus.....	795
Hydrocephalus, idiopathic, cause of; W. E. Dandy.....	260
internal, communicable; I. Strauss and J. H. Globus.....	535
Hypnosis, stratification in hypnotic self-observation; J. H. Schultz.....	657
Hypophysis: See Pituitary	
Hysteria and personality; M. W. Peck.....	398
Injections, intravenous, fever reaction in patients with mental disease following; W. Jacobi.....	255
Intelligence tests in criminal cases, evaluation of; G. L. Walton.....	663
Internal stigmas of degeneration in relation to metabolism and disturbance of cerebral cortex in children; E. R. Jatho and S. De W. Ludlum..	*167
Iodids, intravenous administration of; F. J. Farnell.....	394, *729
Jacobi, W.: Fever reaction in patients with mental disease following intravenous injections	255
Janusch: Peripheral neuritis following malaria.....	134
Jatho, E. R., and Ludlum, S. De W.: Internal stigmas of degeneration in relation to metabolism and disturbance of cerebral cortex in children.*	167
Jefferson, G.: Bilateral rigidity in middle meningeal hemorrhage.....	653
Kalberlah, F.: Etiology and therapy of multiple sclerosis.....	128
Kaliski, D. J., and Strauss, I.: Biologic reactions in syphilis of central nervous system, with notes on treatment, especially intraspinal.....	*98
Kappers, C. U. A.: Structural laws in nervous system; principles of neurobiotaxis	647
Karpman, B.: Bromid delirium.....	372
Kennedy, F.: Acute benign meningo-encephalitis with papilledema.....	*53
Key, G. J.: Juvenile general paresis.....	650
Klauder, J. V.: Syphilis and trauma.....	767
Klippel, M.: Syringomyelia with spina bifida.....	641
Koch, M. L.: Chemical investigations of central nervous system under normal and pathologic conditions.....	*488
Kraus, W. M.: Involvement of peripheral neurons in diabetes.....	202
Physiology of movement and posture.....	381
Progressive lipodystrophy	655
Lafon, C.: Anisocoria dependent on sympathetic reenforcement.....	521
Lafora, G. R.: Pathogeny of a new symptom of meningitis.....	133
Larsell, O.: Experimental degeneration of vagus nerve and its relation to nerve terminations in lung of rabbit.....	639
Laurens, H.: Studies on retina; histogenesis of visual cells in amblystoma	640
Leiner, J. H.: Investigation of axis cylinder in its relation to multiple sclerosis	*608
Leonard, E. A.: Report of case with unusual symptoms probably due to involvement of anterior horns and lateral columns.....	402
Lereboullet, P.: Hypophyseal syndrome occurring with tumor of third ventricle without hypophyseal involvement.....	129

INDEX TO VOLUME 7

	PAGE
Leredde, E.: Extent of syphilis and Wassermann reaction—syphilitic character of "idiopathic" epilepsy.....	258
Levy, D. M., and Patrick, H. T.: Parkinson's disease.....	*711, 790
Lhermitte, J.: Critical review of decerebrate rigidity.....	513
Limbs, transplantation of, in amblystoma; further observations on peripheral nerve connections; S. R. Detwiler.....	760
Limping, intermittent claudication; H. Schlesinger.....	764
psychogenic, in post-epileptic trance; E. Rosenhain.....	259
Lipodystrophy, progressive; W. M. Kraus.....	655
Lippmann, H.: Muscular atrophy in tabes dorsalis.....	119
Litvak, A.: Tonus and motor function in oculomotor disturbances.....	259
Locke, C. E., Jr.: A review of year's series of intracranial tumors.....	131
Locomotor Ataxia: See Tabes	
Lortat-Jacob: Radicular sciatica with reflex glycosuria and sympathetic disorders in tuberculosis.....	636
Lotmar, F.: Wassermann reaction in tumors of central nervous system.....	518
Lucke, B.: Spontaneous brain lesions of monkeys.....	794
Ludlum, S. De W., and Jatho, E. R.: Internal stigmata of degeneration in relation to metabolism and disturbance of cerebral cortex in children.*167	
Lumbar puncture, spinal subarachnoid block as determined by combined cistern and lumbar puncture, with special reference to early diagnosis of cord tumor; J. B. Ayer.....	*38
McCarthy, D. J.: Dementia praecox and adolescent psychoses.....	763
McCornack, P. D.: Paralysis in children due to bite of wood-ticks.....	131
MacCurdy, J. T., and Hoch, A.: Prognosis of involution melancholia.....	*1
McDougal, W.: Nature of functional disease.....	770
McFarland, A. R.: Palliative control of gastric crises of tabetic neurosyphilis by rectal administration of chloral hydrate and sodium bromid	772
Malone, J. Y.: Method of determining early regeneration of nerve fibers at operation.....	260
and Sachs, E.: A more accurate clinical method of diagnosis of peripheral nerve lesions and of determining early recovery of a degenerated nerve	*58
Marchand, L.: General paralysis.....	257
Marie, P.: Clinico-anatomic study of fatal case of myasthenia (Erb-Goldflam).....	772
Mason, M. L.: Experimental degeneration of vagus nerve.....	639
Mauss, T.: Late therapy of nerve wounds.....	636
Mehrtens, H. G.: A patient showing signs of conus lesion with no pathologic condition on operation.....	279
Results of reeducation in birth palsy.....	279
Somnolence and obesity following encephalitis.....	280
and Schaller, W. F.: Therapy in neurosyphilis, especially intraspinal therapy	*89
Melancholia, involution, prognosis of; A. Hoch and J. T. MacCurdy.....	*1
Mella, H.: Myasthenia gravis.....	138
Paralysis agitans	137
Sodium chlorid in concussion of brain.....	528
Meninges, bilateral rigidity in middle meningeal hemorrhage; G. Jefferson	653
Meningitis, diagnosis and treatment of, occurring in aural cases; C. Ballance	650
observations concerning pathogeny of a new symptom of meningitis; G. R. Lafora.....	133
tuberculous, curability of; F. Harbitz.....	260
tuberculous, 3 cases resembling epidemic cerebrospinal meningitis; rachidian polynucleosis; Riser and Roguer.....	635
Meningo-encephalitis, acute, benign, with papilledema; F. Kennedy.....	*53
Mental pathology of races in United States; P. Bailey.....	*183
Meyer, A.: Schizophrenia.....	768
and Hausman, L.: A reconstruction course in functional anatomy of nervous system	*287
Mills, C. K., elected honorary member of Dutch Society of Psychiatry and Neurology	262

INDEX TO VOLUME 7

	PAGE
Mingazzini, G.: Epidemic encephalitis.....	121
Mironesco, T.: Periodic oculomotor paralysis during relapsing fever.....	641
Moersch, F. P.: Actinomycosis of central nervous system.....	*745
von Monakow, C.: Circulation of cerebrospinal fluid.....	378
Morgan, A. H.: Temperature senses in frog's skin.....	769
Morse, S.: Interpretation of serological findings.....	379
Motor disturbances, bradykinetic analysis of somatic motor disturbances; S. P. Goodhart and F. Tilney.....	757
mechanism, cortical, of sheep brain; C. Bagley, Jr.....	*417
Mouzon, J.: Hypophyseal syndrome occurring with tumor of third ventricle without hypophyseal involvement.....	129
Movements, a principle, hitherto undescribed, of physiology of movement and posture, primitive spinal integration of movement in vertebrates; W. M. Kraus.....	381
Moyer, H. N.: Poliomyelitis with symptoms of encephalitis.....	276
Muscle coordination and sinistrality in musicians, iron workers and others; C. Quinan.....	*352
hypertrophica musculorum vera; T. Fay.....	792
Myasthenia, clinico-anatomic study of fatal case of myasthenia (Erb-Goldflam); P. Marie, H. Bouttier and Bertrand.....	772
gravis, treatment of; H. Mella, 138; C. L. Dana.....	384
Myelitis in epidemic encephalitis; W. G. Spiller.....	*739
patient with neuritis and; S. F. Gilpin.....	142
Naffziger, H. C.: Brain tumors without manifestations of intracranial pressure	540
Pseudotumor of brain.....	539
Nerve cells, growth of largest nerve cells in superior cervical sympathetic ganglion of albino rat from birth to maturity; C. Ping.....	525
cells, growth of largest nerve cells in superior cervical sympathetic ganglion of Norway rat; C. Ping.....	525
impulse, some recent experiments on nature of; E. N. Harvey.....	778
injuries, factors inhibiting return of motor function following; K. W. Ney.*220	
injuries, late therapy of; T. Mauss.....	636
method of determining early regeneration of nerve fibers at operation; J. Y. Malone.....	260
peripheral, more accurate clinical method of diagnosis of peripheral nerve lesions and of determining early recovery of a degenerated nerve, with report of cases and experimental data; E. Sachs and J. Y. Malone.....	*58
surgery, technic of; Ney.....	524
transplantation of limbs in amblystoma; further observations on peripheral nerve connections; S. R. Detwiler.....	760
transplanting a portion of neural tube of amblystoma to a position at right angles to normal, effect of; H. L. Wieman.....	765
trigeminal, anatomic study of injection of second and third divisions of; F. C. Grant.....	771
vagus, experimental degeneration of vagus and its relation to nerve terminations in lung of rabbit; O. Larsell and M. L. Mason.....	639
Nervous System, achievements and limitations of neurologic surgery; C. H. Frazier.....	132
central, chemical investigations of, under normal and pathologic conditions; chemical examination of central nervous system in 2 cases of general paralysis; M. L. Koch.....	*488
central, growth of, in human fetus as expressed by graphic analysis and empirical formulae; H. L. Dunn.....	640
physiology of symptom production in disease and injury of nervous system; F. M. R. Walshe.....	652
reconstruction course in functional anatomy of nervous system; A. Meyer and L. Hausman.....	*287
significance of some early symptoms of nervous disease; J. S. Bury.....	258
structural laws in, principles of neurobiotaxis; C. U. A. Kappers.....	647
syphilis, review of recent literature on; H. C. Solomon.....	*235

Nervous System—Continued	
syphilis, serologic changes in neurosyphilitic patients during period of nontreatment; H. Omar and P. H. Carroll.....	*733
syphilis, cerebrospinal fluid in syphilitic psychic disturbances; S. Dahlström and S. Widerøe.....	376
syphilis, significance of biologic reactions in syphilis of central nervous system, with notes on treatment, especially intraspinal; D. J. Kaliski and I. Strauss.....	*98
syphilis, therapy in neurosyphilis, with particular reference to intraspinal therapy; W. F. Schaller and H. G. Mehrten.....	*89
tumor of central nervous system, Wassermann reaction in; F. Lotmar.....	518
Neuritis, patient with myelitis and; S. F. Gilpin.....	142
peripheral, following malaria; Janusch.....	134
Neurobioptaxis, principles of; C. U. A. Kappers.....	647
Neurology and psychiatry in revised medical curriculum; K. Bonhoeffer.....	522
Neurons, peripheral involvement of, in diabetes mellitus; W. M. Kraus.....	*202
Neuroses, makeup of the neurotic; M. Solomon.....	791
results of a brief neuropsychiatric examination of 1,141 students; S. Cobb.....	140
Neurosypphilis: See Nervous System, Syphilis	
Ney, K. W.: Factors inhibiting return of motor function following nerve injuries	*220
Technic of nerve surgery.....	524
Tendon transplant for intrinsic hand muscle paralysis.....	522
Nystagmus, influence of vision on; C. L. Woolsey.....	526
OBITUARIES:	
Pearce Bailey	361
Walter Channing	666
Wilhelm Erb	249
Omar, H., and Carroll, P. H.: Serologic changes in neurosyphilitic patients during period of nontreatment.....	*733
Ophthalmoplegia, external, chronic, progressive; F. Terrien.....	258
Organotherapy, importance of endocrine therapy in combination with mental analysis in treatment of certain cases of personality deviation; E. R. Spaulding.....	771
Ostheimer, A. J.: Bibliographic note on "Essay on Shaking Palsy," by James Parkinson, M.D., member of Royal College of Surgeons.....	*681
Otolith apparatus, disease of, with report of case; R. J. Hunter.....	795
Pagniez, P.: Nature of so-called idiopathic epilepsy.....	254
Palsy: See Paralysis	
Papilledema in acute benign meningo-encephalitis; F. Kennedy.....	*53
Paralysis agitans, an essay on shaking palsy, by James Parkinson, M.D., member of Royal College of Surgeons; bibliographic note by A. J. Ostheimer	*681
agitans, clinical study of 146 cases of Parkinson's disease; H. T. Patrick and D. M. Levy.....	*711, 790
agitans, preliminary report on treatment of; H. Mella.....	137
agitans, unusual case of; H. T. Patrick.....	787
ascending, unilateral; W. F. Schaller.....	281
birth, results of reeducation in case of; H. G. Mehrten.....	279
bulbar, patient with bulbar palsy and amyotrophic lateral sclerosis apparently following lethargic encephalitis; S. F. Gilpin.....	402
facial, syndrome of retroparotid space, with special reference to a new interpretation of some forms of facial paralysis; B. Stookey.....	387
general, chemical investigations of central nervous system under normal and pathologic conditions; chemical examination of central nervous system in 2 cases of general paralysis; M. L. Koch.....	*488
general, histologic evidence of result of treatment of; H. C. Solomon and A. E. Taft.....	399
general, pathogenesis of general paresis and tabes; A. Sezary.....	657
general, pathogenic notes on; L. Marchand.....	257
general, pathology of choroid plexus in; A. E. Taft.....	*177
general, treatment of general paresis by intracistern route; F. G. Ebaugh.....	*325

INDEX TO VOLUME 7

Paralysis—Continued	PAGE
in children, due to bite of wood-ticks; P. D. McCornack.....	131
juvenile, general, case of; G. J. Key and A. Pijper.....	650
oculomotor, periodic, during relapsing fever; T. Mironesco.....	641
of eighth nerve, bilateral, with partial return of function after treatment; M. A. Burns.....	401
report of a case with unusual symptoms probably due to involvement of anterior horns and lateral columns; E. A. Leonard.....	402
tendon transplant for intrinsic hand muscle paralysis; K. W. Ney.....	522
Paramyoclonus multiplex, further communication concerning peculiar inclusions in ganglion cells of corpora amylacea in an undoubted case of paramyoclonus multiplex; A. Westphal and F. Sioli.....	125
Paraplegia, crural, of cortical origin; G. Wilson.....	403
spastic, due to infectious granuloma on dura; operation, recovery; E. W. Ryerson.....	270
Paresis: See Paralysis, general
